

Celebrate Work!

2 Kings 6:1-7

Happy Labor Day! The work we do is a very important part of our life.

3 Principles about Work from this Old Testament Story:

1. Work together (v. 1-3)

They had a common goal and were willing to work together to accomplish the goal.

When we see our work to bring glory to God, we can live with a greater sense of fulfillment than those who don't have Christ in their lives. (1 Cor. 15:58)

2. Work hard (v. 4)

Paul expected the people of God to possess a strong work ethic. (2 Th 3:10) "

God rewards Our Work. God blesses churches that:

Stop and pray, Slow Down and care, Go and share, and engage the Word.

3. Work smart (V. 5-7)

To get OUR cutting edge back, do what the seminary student did:

- 1) Admit we lost it.
- 2) Remember where it came from.
- 3) Return to where we lost it.

Let's work together, work hard, but also work smart to bring glory to our Lord Jesus in our work and in our church.
